SUZHOU LANGJI TECHNOLOGY CO.,LTD.

1. Overview

The outdoor cabinet is designed to house a variety of telecommunication equipment with 19" rack, they provide protection from vandalism, dust, rain, snow and dripping water. The cabinet is mounted with fans to provide ideal temperature for inside equipment, it can load communication equipment, transmission equipment, power equipment, monitoring equipment, lithium batteries and other supporting equipment, the cabinet can provide reliable mechanical and environmental protection for the normal operation.

2. Structure

3. Specifications

No.	Description	Specification
1	Dimension	700x700x1500mm
2	Usable space	27U
3	Configuration	- 19" rack, front and rear total 4 pcs - with cage nut 10pcs
4	Enclosure Material	304 Stainless steel thickness: 1.5mm
5	Painting	Electrostatic coating(RAL 7035 gray)
6	Door	Front door only
7	Door Lock	4-point Locking System
8	Cable Entry	6 Holes located at the bottom-Front
9	Protection Class	IP55
10	Air Ventilation	Louver Vent Slot (located at the bottom of the Door)
11	Cooling system	1U 2-Fan Temperature Control Ventilator
12	Accessory	1U Customized Power Distribution Unit (PDU)
		Horizontal Cable Tray Organizer
		Miniature Circuit Breaker, 2P16A
		Brass Bar (for Equipment Grounding)
		Cabinet DIN-Rail Chassis
